Cool Stitches and Neat Seams

Original title: Lekre masker og lekne stign
Publisher: Gyldendal Forlag 2013
Non Fiction / Hobby/Hand craft

Every stitch in a handmade garment is filled with love and consideration. They take time to make, but then they are guaranteed to last.

“The great thing about knitting is that you make everything from scratch – from a single thread. That’s about as close as you can get to magic!”

Lose yourself in beautiful knitting patterns and wonderful photos in this year’s finest book on knitting. Cool Stitches and Neat Seams contains 50 knitting patterns for ladies’ attire and a few matching outfits for children. You will find skirts, dresses, tunics, jackets, boleros, shawls, hats, mittens and bags. All the models are timeless creations done in various techniques, mixing colours, trends, qualities and traditions.

Writer and designer Sidsel J. Høivik hopes to inspire all those who take an interest in handiwork to grab their knitting needles and lend their own, personal touch to their knitting work in the shape of embroideries, buttons and crocheted details.

Sidsel J. Høivik

Sidsel J. Høivik has studied costume and clothing design at the Accademia di Costume e di Moda in Rome. She has worked with the dissemination of handicraft material in the weekly magazine Familien. Now she works full time as a designer of knitwear
