## Your Fine Behind

Original title: Manus om anus  
Publisher: Gyldendal Forlag 2018  
Non Fiction / Health  
50000 Words  
English sample chapters available

**In Your fine Behind you'll find answers to all the questions you always wanted to ask, about one of the body's most important and sensitive parts.**

Following a number of popular scientific books about the body that have been published during the past couple of years, this book is about perhaps the most taboo part of your body. However, this is an entertaining book about serious topics and a mix of history, science and practical information.

Both authors are active medical doctors working in the emergency room providing counselling services.
