Pretty Special. Sew your kid's favourite outfits

Original title: Heilt spesiell. Sy barnas favorittplagg
Publisher: Gyldendal Forlag 2017
Non Fiction / Hobby/Hand craft

In this book you'll find over thirty-five clothing designs for both babies and older children. Sizes range from 50 to 140 cm. Each design is soft and comfortable and suits active kids and tots perfectly. We wouldn't be surprised if these clothes become your kids' new favourites!

Each design is accompanied by clear and simple instructions. Kristin Thorsnes has also created a helpful illustrated sewing course with step-by-step instructions. You can sew each garment on your regular sewing machine and don't need much experience to get started. Includes full-size pattern papers.
