A fabulous cozy crime title by Sara Olsson. Enjoy!

Sunflower street has always been in impeccable condition thanks to Anki Braun, the self-appointed orderly of the neighborhood called Summer Meadow. But when Anki's husband falls ill and they are forced to move from their beloved house, everything changes. The neighbors, who felt compelled to follow Anki's rules, now finally get a chance to blossom.

Newcomers to Summer Meadow, the Perlemans, plan to start a family while working hard renovating their newly purchased house. But their progress soon arouses emotions, not only in the neighbors but perhaps above all in the house's previous owner - Anki has a very hard time staying away from her old neighborhood.

When a death suddenly occurs, and Anki is also observed at the scene, police officer Christian Håkansson takes on the investigation. Is it an accident - or a murder? And in case of a murder, who in Summer Meadow has a motive to kill ?
