### **Yellow warning is a novel about bad weather, beasts and betrayal.**

On the way up to Innsetra, Dorte begins to regret: Why did she insist on celebrating her old parents' golden wedding anniversary here, far off the beaten track, late in October? She had to persuade the family, and now it is up to her to make this a special weekend. Soon everyone is gathered. Parents, twin brother, sister, her husband and their dog. And it will be a special weekend. The weather rages, a landslide blocks the road, and suddenly there are two men with hunting rifles standing at the reception. ***In a perfectly ordinary family, unexpected events cause some of them to do things they never thought they could - or would - ever do.***
